Boys & Girls Club of Chester Programs

Power Hour

Power Hour is the academic enrichment program the Boys & Girls Club of Chester (BGCC) uses to help young people develop academic, behavioral and social skills through homework completion, high-yield learning activities and tutoring. BGCC uses the Boys & Girls Club of America Power Hour academic enrichment program to provide BGCC staff and volunteers with the strategies, activities, resources and information to create an engaging homework help and tutoring program. Power Hour is a one-hour period of time that encourages Club members at every age to become self-directed learners. Power Hour is provided 4 days per week.

Boys & Girls Club of Chester Drug Free Communities

Drug-Free Communities (DFC) is a federally funded program sponsored by the White House Office of National Drug Control Policy. This program partners with organizations in various areas including businesses, youth-serving organizations, government agencies, and the community. All involved are working on substance abuse issues to prevent and reduce substance abuse among youth and among adults in our community.

Mission

The mission is to develop an innovative & comprehensive multi-organizational approach to preventing substance abuse among youth in the city of Chester.

Goals

1. Increase Community Conversation & Collaboration
2. Reduce Youth Substance Abuse

LABORERS LOCAL 413

"The Laborers Are Building A Better Tomorrow, Today!"

Laborers' Local 413 was chartered by the Laborers' International Union of North America (LIUNA) on November 2, 1936.

Laborers' Local 413's membership believes in the union's commitments to Unity, Education, Safety, and Community. Upon these commitments, the union has focused on the goals of achieving all that it can for every member. The Membership of Local 413 knows that Jobs, Strong Collective Bargaining, Training, Organizing, and Political Action are needed to strengthen the union and to service the community. The more the union and its friends work together towards these basic goals, the union will succeed and grow.

Boys & Girls Club of Chester Programs

Gardening & Nutrition

Our garden features fruits and vegetables planted by our youth and master growers. Children learn the basics of gardening and are able to cook or take home food that they grew themselves! This program has won the Delaware County Youth Gardening award and continues to make an impact in the lives of youth everyday.

Boys & Girls Club of Chester Programs

Summer Camp

The BGCC Summer Camp is designed to provide a hands-on, minds-on, project-based programming for youth in 1st through 8th grade. Modeled after the Boys & Girls Club of America's Summer Brain Game program, the BGCC combines academic enrichment with hands on projects and activities that offer both mental and physical stimulation. Our six-week summer enrichment camp engages members in a host of STEAM enrichment activities that focus on math, reading, art and science. All of the academic enrichment is integrated with fun activities such as gardening, cooking, science experiments; basketball math hoops games; and robotics, digital literacy and computer games to engage students in technology. The summer arts program is comprised of puppet theatre, music, and photography. Through Positive Action, our evidence-based program and our Girls Rock and Kings Talk groups, children participate in interactive social emotional activities and workshops. The BGCC 21st CCLC Summer Camp program is a full day program.

Boys & Girls Club of Chester Programs

Scuba Diving

In collaboration with the Atlantic Rangers SCUBA Youth Education Service (ATRA-Y.E.S.) Club, the Boys & Girls Club of Chester (BGCC) offers a 6-month diver certification course for six youth age 13 – 18. Since 1991, ATRA-Y.E.S. has been instrumental in certifying young divers in the Delaware County area. Instructors serve as career mentors for youth by providing a supportive environment that engenders teamwork, confidence and trust. Youth between the ages 13-14 will earn a Junior Open Water Diver or Junior Scuba Diver certification (adult supervised diving) and those 15-18 years old can earn an Open Water Diver or Scuba Diver certification whereas no adult supervision is required. Classroom instruction is conducted by trained PADI certified instructors using the PADI curriculum. PADI is the Professional Association of Diving Instructors. PADI is the world's largest diver training organization. The pool instruction is a three step process consisting of Confined water dives, knowledge development, and open water dives to prepare the youth for Scuba diving.

BGCC Gaming

BGCC is always looking for ways to provide our youth with fun educational programs. One new addition to our enrichment activities this year was gaming. Our gaming program is a combination of video game playing and design. Introducing gamers to the world of creating and beginners coding. As part of our gaming program, we had the opportunity to partner with Amazon Web Services (AWS) and SoftwareOne to bring a gaming and technology event to our youth.
